SUBJECT: Congressional Reporting Requirements

1. In order to ensure that the Agency files congressionally-mandated reports in a timely fashion, we are in the process of compiling a listing of all scheduled congressional reports and their corresponding due dates. Attached is a listing prepared by the staff of HPSCI which has been provided to us as a matter of convenience and sets forth congressional reporting requirements contained in various statutes, conference reports, and other agreements reached through correspondence between the oversight committees and intelligence community agencies.

2. So that we may prepare as comprehensive and accurate a list as possible for our use in monitoring Agency compliance with these reporting requirements, we would appreciate your assistance in making appropriate additions, deletions or other required modifications to the attached HPSCI list. Your cooperation in this matter is very much appreciated.
